

NATHAN W. LOUIE

Objective

To obtain a design position that encourages creativity, quality over quantity, and the ability to expand knowledge in print and web design while working under a friendly and professional environment.

Education

California State Polytechnic University | Pomona, California
Bachelors of Fine Arts with emphasis in Graphic Design
Graduated June of 2007

Work Experience

Robert Hidey Architects | Irvine, CA
October 2007 to February 2009
Graphic Designer - Maintained company website, redesigned and maintained company intranet, prepared presentations and submittal packages for client meetings, photographed completed architecture projects, photo simulations, designed marketing brochures, homeowner manuals, and collateral for company events.

Cal Poly Pomona Art Department | Pomona, CA
April 2005 to June 2007
Head Computer Lab Technician - Monitored and maintained computer labs and printers, assisted students and faculty with computer and software related problems, printed projects for students, managed and supervised other lab technicians.

NWL Graphic Design | Southern California, CA
January 2005 to Present
Freelanced with various clients and design studios that involved web design/development, logos, photo-simulations, and motion graphics.

Sprint/Nextel, T-Mobile, Clearwire | Sacramento, CA
June 2002 to Present
Freelancer - Done numerous photo-simulation projects and pre-renders of before and after pictures of cell phone towers, to simulate what the cell towers may look like in an area before construction.

Sitecom | Sacramento, CA
June 2000 to September 2002
Coordinator - Assisted project managers in development of wireless telecommunication sites for Nextel Communications, Metro PCS, and Verizon.
